

Access at wallacespace Clerkenwell

Wallacespace Clerkenwell Green is our most accessible building.

The front door has a step free entry and is 220cm wide. The door has assisted entry so it only needs a gentle push and from reception we can see anyone coming in so we'll be on hand to help or answer questions.

The cafe is on the ground floor and there are accessible loos on all floors, although if you are in Penthouse A you may need to head down one floor in the lift. The door width for accessing the loos is 80cm. The doors to our rooms are 80cm wide.

There is a lift to all floors and the floors are fairly easy to navigate as there are no steps. The width of the door to access the lift is 80cm. Once you're in, the lift is 144cm x 135cm.

Please let us know in advance if you'll need a hearing loop.

We aim to make a visit to wallacespace a pleasant and stress free experience for everyone. There will always be things we can't change about the structure of our buildings but we are a helpful bunch so if you have any questions at all about accessibility (or anything else), please give us a call and we will do our very best to help.

We can answer questions, get the tape measure out or send you more photos if need be.

Please do also feedback to us after your visit about anything we can improve on.
