

## What our clients say...

Every single person, from front of house, through kitchen, washing up, replenishing coffee, doing IT/AV and serving cupcakes, was interested in who we were and what we were there for. No-one ever said to me it wasn't their job, even though I frequently asked questions of the wrong people.

The food – was wonderful, it made me so proud to offer great British cooking and hospitality to people from almost 20 countries. The healthy food was delicious and the tasty meals were good for us – an ideal combination. The attention to detail – cupcakes and even champagne were such a treat. Suffice to say, I'm not sure that I can go back to the basement of an airport hotel with fixed tea breaks and sandwiches for lunch!

**Vodafone**

I love using wallacespace because I always feel so looked after and supported. I always look forward to the food too! I know all my team enjoy using the space. As the project logistics person, having that level of trust & assistance is priceless. It's truly a unique experience. All the team were very professional, calm & organised – nothing was too much trouble....even at 10pm! I think one of the real highlights was the takeaway bags, it's those little touches that leave a smile on your face. It was also really helpful to have you guys meeting & greeting the consumers. The room was great, beautifully laid-out & comfortable.

**What If?**

You wouldn't believe it but we have just had a 20min debate on how we could define how amazing you guys are. Many psyc theories were thrown around, basically you fulfil our basic psychological needs...

When we hold training courses at Wallacespace they have a much a higher impact than 'normal' training space. The whole experience enhances peoples learning, allows people to focus on what they are doing and concentrate on the job. As trainers, Wallacespace allows us to have peace of mind that if anything was to go wrong we have an incredible support team behind us. This (and the great food) is the reason why we continue to come back again and again!

**Aimia**

The arrangements were easy. The rooms are exactly as described. The staff were very helpful. The food and drink were excellent. One of the delegates said to me "if you have all of your training here, I will definitely come!" It drives me mad when venues try to charge you for every little thing. I felt like your team wanted to make sure we had a great experience which gave a very different feel.

Couldn't praise it more highly. Will definitely be back.

**Mills and Reeve LLP**

Just wanted to say how much we enjoyed using wallacespace this week – really great atmosphere, great food, everyone was helpful... and just a lovely space. My delegates are generally quite hard to impress but some want to book rooms with you themselves, so that must be good!

*Jamie Oliver's School Food Campaign*

Delivery to expectations: way over. After 4 other markets, including some very expensive New York loft style SoHo apartment space, it is quite clear that wallacespace can be relied upon to deliver everything you promise, on time and to a professional level that sets the bar in my opinion, for the industry on a global scale.

Client service: you have been exceptional in terms of your 'can-do' and your constant friendliness, smile and enthusiasm. I have not been an easy client, this has not been a project that has been at all 'smooth' but you have been unfazed and only provided me with solutions from day 1.

*Howard Parry-Husbands*

**Pollinate**

The team at wallacespace are experts at organising corporate events with a non-corporate feel. Their covent garden venue is bright, interesting and imaginative, with lots of character and well chosen interiors. Right from the word go, they took a relaxed, unpressured approach, showing patience when I needed it and then getting quickly into gear with me once I was given the green light.

**British Airways**

We had a brilliant day – such a creative space!

Everyone voted it the best venue we'd ever used. Plus lunch was great as were the free-flowing drinks and snacks.

Thanks to you and the team.

*Barbara Bedford*

**First Group**

Last week at wallacespace was, in a word, excellent.

Exactly the right atmosphere and environment needed for the day I had planned for my team. From the minute we walked in and were welcomed until the minute we left, your team could not do enough to ensure we had everything we required.

I will definitely be returning in the future and recommending you to other colleagues and professionals. Thank you once again for making a great day even better.

*Paul Quirk*

**The London Clinic**

Thank you again for a great two days. Your venue is one of the best meeting spaces we have used in London. It was a refreshing change from the faceless, corporate hotel suites we normally use. Everyone found it very welcoming and stimulating too!

*Vicky Coates*

**Schools Food Trust**

I can honestly say I can't fault you. The ease of the technology, the moveable flipcharts (venues that fix them to the wall have never facilitated a meeting or workshop!), the fabulous food and general friendly and welcoming atmosphere which means my participants can get on with their work. If I was a consultant on a group coming up with the perfect training venue from the point of view of the facilitator your model would be the one I used.
