

## Access at wallacespace Parker Street

Wallacespace Parker Street is an historic coach works from the 1820s, and has variously been a print works and most recently a creative agency over the years. There are some things we have changed to make it more accessible, but sadly there are also some limitations.

There is no lift to the other floors but on the ground floor there is a accessible loo, 2 meeting rooms and (of course) teas, coffee and lots of snacks.

The caffè is downstairs on the lower ground floor, down a set of stairs. If you're unable to visit the caffè, we can arrange to serve breakfast and lunch on the ground floor in your room so do let us know if that would be helpful.

There are no steps into the building entrance but the pavement curb outside Parker Street is 20cm high.

Please let us know in advance if you'll need a hearing loop.

We aim to make a visit to wallacespace a pleasant and stress free experience for everyone. There will always be things we can't change about the structure of our buildings but we are a helpful bunch so if you have any questions at all about accessibility (or anything else), please give us a call and we will do our very best to help.

We can answer questions, get the tape measure out or send you more photos if this is something you require.

Please do also feedback to us after your visit about anything we can improve on.
