

Christmas parties @ wallacespace

Johnny Roxbrough famously said that 3 things make a great party: good people, good food and good wine.

At wallacespace we focus on just that, believing that a party to remember needs meticulous attention to detail and an understanding of what it truly means to create a celebratory atmosphere.

To help you plan your party, we've put together some suggestions over the following pages for music, food, entertainment and theming but each party we cater for is completely bespoke.

We can keep things elegantly simple or really go to town with a showstopper event that people will talk about for years to come.

Music

Whatever you're into, if your guests would like to dance the night away, we can provide the soundtrack.

DJ

We can put you in touch with experienced, talented DJs, or you can bring your own.

Live band

Source your own band or check out some of the tried and tested bands we regularly work with.

Spotify

If you prefer, we can play pre-arranged playlists through our Sonos speaker system.

Entertainment

Drag Bingo

We did this for one of our wallacespace parties - great fun and an instant hit!

Magician

Always a classic. Astonish and amuse your guests in equal measures.

Funfair stalls and games

Hook a duck, a coconut shy, hoopla... whatever you fancy.

Photobooth

Keep it simple but fun with a photobooth and you'll also end up with a great photographic record of your evening.

Or let us know what you think your guests will enjoy and we can help you organise it.

Theming

Our party spaces have their very own dressing up boxes; an Aladdin's Cave of styling accessories that transform a room from daytime functional to evening glamour with the wave of a feather boa.

From an emporium of ritzy exotica that Laurence Llewelyn-Bowen might deem 'a little luxe', to something simple yet elegant, let us know what your taste is and leave the rest to us.

Choose from one of our suggested themes below, or let us know what you fancy and we'll work with you to create something bespoke.

Totally tropical

We'll bring a bit of summer sunshine to your Christmas do, with tropical theming and beachy vibes.

Gatsby speakeasy

A roaring '20s theme is always glamorous & fun. Think flapper dresses, Al Capone suits & fur coats (fake of course!).

Around the world in 80 days

This one works really well when wrapped in with the food, we can set up 'food trucks', serving up tasty canapés representing cuisines from around the world.

Classic Christmas

Keep it simple with twinkly fairy lights, elegant decorations & a fabulously festive theme.

Food

Our executive chef, Philip Owens, previously chef-patron of London's The Arts Theatre Café, L'Arte and Philip Owens at the ICA, has many years experience creating exceptional food for high-profile events like Stella McCartney's wedding, film premières and the Elton John White Tie and Tiara Balls.

Our menus are always full of things we like to eat. You can order from our canapé and bowl food menus, or create something completely bespoke for your event.
